 EXECUTIVE VILLAGE
 THE PERFECTION OF LIFE
 BENEATH THE HIGHLANDS OF
 TAGAYTAY

Haven in the Sky. Tagaytay

Situated in the Province of Cavite, an hour and a half ride south of Manila through the South Luzon Expressway, Tagaytay City is a well-known rest and relaxation spot that attracts locals and tourists alike.

Its unique vantage point overlooking Manila Bay in the North, Taal Volcano and Taal Lake in the South, and Laguna Bay in the East, the forests and the grasslands all conjure the serenity and intimacy of this highland paradise.

The verdant pine trees and the prosperous Pineapple Plantations creates a hush pathway into this new haven of rest and intimate dwelling.

The rich and dark soil made fertile by the Taal volcano, situated in the middle of an almost-perfect lake, is well-suited for lavish gardens.

The cool breeze of the highlands, the fresh country air make Tagaytay the perfect homespun frontier.

All these, and the kind, happy people of the Southlands, welcome you to the home and rest you deserve...
